## Movement and Shipping Requirements for SWINE

To comply with New Mexico Livestock Board Statutes and Rules and USDA interstate movement requirements, the following requirements apply to swine:

- 1) **Interstate Movement of SWINE INTO NEW MEXICO FROM ANOTHER STATE** will require:
  - **Certificate of Veterinary Inspection** dated within **30 days** prior to entry into the State of New Mexico, unless exempted. (NMAC 21.32.4.14) The CVI should contain a statement that the ***"swine have not been fed raw garbage"***. (21.32.4.14) and ***"The pigs in this shipment did not originate from a premises where porcine epidemic diarrhea virus (PEDv) has been diagnosed in the past 60 days, and are free of signs associated with PEDv infection."***
  - **Effective May 2023**  
*Any livestock (equine, bovine, porcine, caprine, ovine, or cervidae) interstate movements **into** New Mexico from a county where vesicular stomatitis has been diagnosed in the last **fourteen (14) days**, or from a county that has livestock quarantined for vesicular stomatitis, shall be accompanied by an Interstate Certificate of Veterinary Inspection (ICVI), dated within the **fourteen (14) days** before entry, with the following veterinary verification statement:*

*"All animals identified on this certificate of veterinary inspection  
were inspected and found to be free  
from clinical signs of vesicular stomatitis."*
  - **An entry permit** issued by the NMLB office (NMAC 21.32.4.14). Please contact the NMLB permit line for an entry permit (800) 432-6889.
  - **Official individual identification** – universal ear notch system **or** ear tag.
  - **If entering New Mexico FOR EXHIBITION PURPOSES, swine MUST be identified by the universal ear notch system** regardless of the presence of official ear tag or any other type of official ID recognized for swine (NMAC 21.32.5.8), **AND be accompanied by a legal bill of sale.** (NMAC 21.32.5.9)
  - **Swine consigned directly to slaughter** or to an approved quarantined feedlot are exempt from ID requirements. (21.32.4.14)
  - All swine, regardless of age, must meet one of the **Brucellosis** qualifiers below:
    - Originate from a herd that ***"resides in a Swine Brucellosis Free state"*** and indicated on the Certificate of Veterinary Inspection **or**
    - originate from a ***"Validated Swine Brucellosis Free Herd"*** and have the date of the last herd test and the herd certificate number indicated on the approved Certificate of Veterinary Inspection **or**

- **“prove negative to a Brucellosis test”** conducted within 30 days and indicated on the Certificate of Veterinary Inspection.  
(NMAC 21.32.4.14)
  - All swine, regardless of age, must meet one of the **Pseudorabies** qualifiers below:
    - Originate from a herd that **“resides in a Pseudorabies Stage V-Free state”** and indicated on the Certificate of Veterinary Inspection **or**
    - originate from a **“Qualified Pseudorabies Free Herd”** and have the date of the last herd test and the herd certificate number indicated on the approved Certificate of Veterinary Inspection **or**
    - **“prove negative to an official Pseudorabies test”** conducted within 30 days and indicated on the Certificate of Veterinary Inspection.  
(NMAC 21.32.4.14)
  - **An import inspection and Form-1** issued by an NMLB inspector after arrival and **before** commingling with any other swine on the destination premises.
  - **PLEASE NOTE: Additional requirements for such movement of SWINE may exist due to special circumstances such as a disease outbreak. Check with NM State Veterinarian’s Office for the most current entry requirements before movement.**
- 2) **Interstate Movement of SWINE FROM THE STATE OF NEW MEXICO TO ANOTHER STATE** will require at a minimum:
- **Export inspection and Form-1** issued by an NMLB inspector.
  - **Must meet all entry requirements of the receiving state. PLEASE NOTE: The NM owner or their veterinarian should check with the State Veterinarian’s Office in the state of destination for that state’s most current entry requirements for swine before movement.**
- 3) **Intrastate Movement of SWINE WITHIN THE STATE OF NEW MEXICO** and **crossing inspection district boundaries** requires an in state move **Form 1** inspection by an NMLB livestock inspector or brand inspector. Additional requirements for such movement of swine within the state may exist due to special circumstances such as a disease outbreak. Check with your local inspector or the NM State Veterinarian’s Office before movement. (NMAC 21.32.3.9)
- 4) **Intrastate Movement of SWINE WITHIN AN NMLB INSPECTION DISTRICT** may be done with proof of ownership, typically a bill of sale. (NMAC 21.32.3.8)
